BIOMETRIKA

A JOURNAL FOR THE STATISTICAL STUDY OF BIOLOGICAL PROBLEMS

FOUNDED BY

W. F. R. WELDON, FRANCIS GALTON AND KARL PEARSON

EDITED BY

EGON S. PEARSON

IN CONSULTATION WITH

HARALD CRAMÉR	J. B. S. HALDANE
R. C. GEARY	G. M. MORANT
MAJOR GREENWOOD	JOHN WISHART

VOLUME XXXI

1939

ISSUED BY THE BIOMETRIKA OFFICE
UNIVERSITY COLLEGE, LONDON
AND PRINTED AT THE
UNIVERSITY PRESS, CAMBRIDGE

First printed in Great Britain at the University Press, Cambridge
Reprinted by offset-litho by Percy Lund Humphries & Co. Ltd

CONTENTS OF VOLUME XXXI

Memoirs

		PAGES
I.	Random and Systematic Arrangements. By HAROLD JEFFREYS	1—8
II.	A Note on Normal Correlation. By E. J. G. PITMAN	9—12
III.	A Test for the Significance of the Difference between the two Variances in a Sample from a Normal Bivariate Population. By W. A. MORGAN. With one Figure in the Text	13—19
IV.	The Distribution of Range in Samples from a Normal Population, expressed in Terms of an Independent Estimate of Standard Deviation. By D. NEWMAN. With one Figure in the Text	20—30
V.	On a Comprehensive Test for the Homogeneity of Variances and Covariances in Multivariate Problems. By D. J. BISHOP	31—55
VI.	Observed and Theoretical Ratios in Mendelian Inheritance. By E. ROBERTS, W. M. DAWSON and MARGARET MADDEN	56—66
VII.	Note on the Preceding Analysis of Mendelian Segregations. By J. B. S. HALDANE	67—71
VIII.	The Use of Statistical Methods in the Investigation of Problems of Classification in Anthropology. Part I. The General Nature of the Material and the Form of Intra-racial Distributions of Metrical Characters. By G. M. MORANT. With three Figures in the Text	72—98
IX.	A Study of the Cranial and other Human Remains from Palestine Excavated at Tell Duweir (Lachish) by the Wellcome-Marston Archaeological Research Expedition. By D. L. RISDON. With ten Figures in the Text, twenty-three Plates and six tissues in cover pocket	99—166
X.	Estimating Bacterial Populations by the Dilution Method. By ROBERT DEAN GORDON	167—180

PAGES

XI. Note on the Inverse and Direct Methods of Estimation in R. D. Gordon's problem. By E. S. PEARSON . . 181—186

XII. On the Distribution of Maximum Likelihood Estimates. By B. L. WELCH . . . . . 187—190

XIII. On Neyman's "Smooth" Test for Goodness of Fit. I. Distribution of the Criterion ψ^2 when the Hypothesis Tested is True. By F. N. DAVID. With one Figure in the Text 191—199

XIV. Tests of Hypotheses Concerning Location and Scale Parameters. By E. J. G. PITMAN . . . . . 200—215

XV. On Generalized Analysis of Variance. (I.) By P. L. HSU 221—237

XVI. The Derivation of the Fifth and Sixth Moments of the Distribution of b_2 in Samples from a Normal Population. By C. T. HSU and D. N. LAWLEY. With nine Figures in the Text . . . . . 238—248

XVII. Testing the Homogeneity of a Set of Variances. By H. O. HARTLEY . . . . . 249—255

XVIII. The Simultaneous Distribution in Samples of Mean and Standard Deviation, and of Mean and Variance. By L. TRUKSA. With seven Figures in the Text . . . 256—271

XIX. Certain Projective Depth and Breadth Measurements of the Facial Skeleton in Man. By ALETTE SCHREINER. With two Figures in the Text . . . . . 272—286

XX. Transposition of the Viscera and other Reversals of Symmetry in Monozygotic Twins. By E. A. COCKAYNE. With two Figures in the Text and two Plates . . 287—294

XXI. The Human Remains of the Iron Age and Other Periods from Maiden Castle, Dorset. By C. N. GOODMAN and G. M MORANT. With three Plates . . . . 295—312

XXII. Homogeneity of Results in Testing Samples from Poisson Series. With an Application to Testing Clover Seed for Dodder. By J. PRZYBOROWSKI and H. WILENSKI. With three Figures in the Text . . . . . 313—323

XXIII. On the Method of Paired Comparisons. By M. G. KENDALL and B. BABINGTON SMITH. With one Figure in the Text 324—345

XXIV. The Mean and Variance of χ^2, when used as a Test of Homogeneity, when Expectations are Small. By J. B. S. HALDANE . . . . . 346—355

PAGES

XXV. A Note on the Statistical Analysis of Sentence-length as a Criterion of Literary Style. By C. B. WILLIAMS. With five Figures in the Text . . . . . 356—361

XXVI. Applications of the Non-central t-distribution. By N. L. JOHNSON and B. L. WELCH . . . . . 362—389

Miscellanea

(i) On the Calculation of the Cumulants of the χ-distribution. By N. L. JOHNSON and B. L. WELCH . . . 216—218

(ii) Note on Discriminant Functions. By B. L. WELCH . 218—220

(iii) Review of E. W. Sinnott and L. C. Dunn's *Principles of Genetics* 220

(iv) Corrections to Formulae in Papers on the Moments of χ^2. By J. B. S. HALDANE 220

(v) Stirling's Formula with Remainder. By E. V. HUNTINGTON 390

(vi) A Note on the Interpretation of Quasi-sufficiency. By M. S. BARTLETT . . . . . 391—392

(vii) The Cumulants and Moments of the Binomial Distribution, and the Cumulants of χ^2 for a $(n \times 2)$-fold Table. By J. B. S. HALDANE . . . . . 392—396

(viii) Review of A. A. Tschuprow's *The Principles of the Mathematical Theory of Correlation* 396

List of Plates and Folding Tables

D. L. Risdon: A Study of the Cranial and Other Human Remains from Palestine Excavated at Tell Duweir (Lachish) by the Wellcome-Marston Archaeological Research Expedition.

Ten folding tables of individual measurements of Lachish Skulls . . . . . *to face page* 162

Plate I. Views of the Interior of Tomb 120 . . . „ 166

Plate II. Tomb 120 showing Collections of Skulls . . „ 166

Plate III. Exceptional Crania . . . . . „ 166

Plate IV. A Cranium showing Injuries received during Life *to face page* 166
Plate V. Two Trepanned Crania . . . . . „ 166
Plate VI. Two Artificially Deformed Crania . . . . „ 166
Plate VII. Six Deformed Crania . . . . . „ 166
Plate VIII. Three Anomalous Crania . . . . . „ 166
Plate IX. Two Typical Crania: *norma lateralis* . . . „ 166
Plate X. Two Typical Crania: *norma facialis* . . . „ 166
Plate XI. Two Typical Crania: *norma verticalis* . . . „ 166
Plate XII. Two Typical Crania: *norma occipitalis* . . „ 166
Plate XIII. Five Crania with Sagittal Suture Prematurely Obliterated . . . . . „ 166
Plate XIV. Three Male Crania with Sutural Anomalies . „ 166
Plate XV. Anomalous Regions of Two Crania . . . „ 166
Plate XVI. A Cranium of Unusual Form . . . . „ 166
Plate XVII. A Diseased Cranium . . . . . „ 166
Plate XVIII. Four Exceptional Crania . . . . . „ 166
Plate XIX. A Molar Tooth with a Filling . . . . „ 166
Plate XX. Anomalous Jaws of a Skull . . . . „ 166
Plate XXI. Palates with Anomalous Dentitions . . . „ 166
Plate XXII. Jaws with Anomalous Dentitions . . . „ 166
Plate XXIII. Jaws with Anomalous Dentitions or Cysts . . „ 166
Six tissues in cover pocket

E. A. Cockayne: Transposition of the Viscera and Other Reversals of Symmetry in Monozygotic Twins.

Plate I. Left and Right Profiles of Eileen and Joan . . „ 294
Plate II. Full-face Portraits of Eileen and Joan . . . „ 294

C. N. Goodman and G. M. Morant: The Human Remains of the Iron Age and other Periods from Maiden Castle, Dorset.

Two folding tables of individual measurements of crania and long bones from Maiden Castle . . . . . „ 312
Plate I. Three Aspects of a Typical Male Skull from the Belgic War Cemetery . . . . . „ 312
Plate II. Exceptional Skulls from the Belgic War Cemetery . „ 312
Plate III. Skulls from Maiden Castle with Dental and Other Anomalies . . . . . „ 312
